80. Vaughn Center (VAUG) Conference Facilities — 9th Floor
 - Crescent Club
 - President's Conference Room
 - Trustees Board Room

(SEE CAMPUS PARKING MAP INSIDE)

The University of Tampa is a **tobacco/smoke-free campus**. This restriction includes any tobacco products, vaping or e-cigarettes.

UT is committed to protecting the health and well-being of all and to reducing the spread of COVID-19. As of Aug. 16, 2021, all UT community members and their guests are required to wear face masks while indoors on campus, regardless of vaccination status. For more details and information about UT's COVID-19 precautions, see ut.edu/coronavirus. All updates will be communicated to the University community.

Food and beverages can be purchased on the first floors of the following buildings:

- Daly Innovation and Collaboration Building
- Morsani Hall
- Plant Hall — Rathskellar
- Vaughn Center

Baby changing stations are located in the following areas:

- Aquatic Center — outside women's restroom
- Daly Innovation and Collaboration Building — first, second and eighth floor, both men's and women's restrooms
- Graduate and Health Studies Building — all floors, men's and women's restrooms
- Macdonald-Kelce Library — first floor, women's restroom
- Martinez Athletics Center — first floor, family restroom
- Morsani Hall — first floor, women's and family restroom
- Naimoli Family Softball Complex — outside of facility, women's restroom
- Plant Hall — first floor, women's restroom
- Vaughn Center — first floor, both men's and women's restrooms

Pets are not allowed on the UT campus or University-controlled properties. This prohibition does not apply to individuals with service animals or individuals with a disability for which an emotional support animal has been approved. For more information on whether your animal is permitted to be on campus, please contact the University prior to your visit.

UT is a National Weather Service-certified **StormReady**® University, and is one of more than 260 colleges and universities around the country that have put special operations in place to monitor and react to severe weather conditions, such as hurricanes, tornadoes and storms. For more information, visit ut.edu/weather.

UT uses a **campus-wide lightning prediction and warning system** to help alert the campus community about impending inclement weather and lightning on or around the UT campus. The system emits an audible horn blast when atmospheric weather conditions are imminently likely to produce dangerous lightning strikes on or around the UT campus. In these cases, the system will emit a 15-second warning blast and the strobe lights on the units will illuminate as long as there is danger of a potential strike. Once the lightning threat passes, three 5-second horn blasts will indicate an "all clear," and the strobe lights will turn off.

UT utilizes a technologically enhanced emergency communications program called **SMART (Spartan Mobile Alert)**. The program allows for speedy notification of emergencies on campus to students, faculty and staff. Emergency information is also posted on the UT website as soon as possible for updates to the general public.

If you would like to hold a **commercial photo or video shoot** on campus, contact the Office of Public Information and Publications at (813) 253-6232 or publicinfo@ut.edu.

Flying of **drones** and other aerial devices is not permitted on UT property without permission from the Office of Public Information and Publications.

For **lost and found** items, contact the Campus Safety office.

ELECTRIC SCOOTERS ON CAMPUS

While UT encourages alternative transportation, due to health and safety concerns the UT campus is considered a "no ride zone" for electric scooters. UT and local community members who choose to use rented electric scooters are asked to leave them at the vendor's off-campus scooter corrals or at a safe, unobtrusive site on the perimeter of campus. Additionally, electric powered scooters may not be charged in or near University buildings, including but not limited to, offices, residence halls and dining facilities.

Anyone violating the University's parking policies may have their vehicle ticketed, booted or impounded by private property owners, the City of Tampa and/or the University.

The University of Tampa assumes no liability, under any circumstances, for damaged, vandalized, stolen or impounded vehicles or bicycles.

WELCOME TO CAMPUS

Please contact Campus Safety in advance regarding questions, concerns or circumstantial situations. The Campus Safety office is located on the first floor of the Daly Innovation and Collaboration Building, 820 W. North A Street, and can be reached at **(813) 257-7777** or via email at campussafety@ut.edu.

A comprehensive set of parking policies, visitor passes, a schedule of fines and more detailed information are available at ut.edu/safety/parking.

PARKING POLICY HIGHLIGHTS

- Anyone parking a vehicle at The University of Tampa is required to register the vehicle and display the appropriate parking pass.
- Visitors are only required to have a parking pass Monday–Friday, 7 a.m.–5 p.m. or if the vehicle will be on campus overnight. Visitor parking passes are obtained via online request and must be made one business day prior to visiting.
- It is illegal to park anywhere on campus other than a clearly marked parking space. The absence of "No Parking" or "Fire Lane" signs, lack of curb paint, or enough room for a vehicle to park does not suggest that parking is permitted. Parking is not allowed on North A St., Brevard Ave. or UT Poe Parkway.
- To ensure optimal parking availability and safety for University community members and visitors, parking rules are always enforced. This includes breaks, closures, or university operational changes.

VISITOR PARKING AREAS

- Thomas Parking Garage, First Floor — Entrance is located on West North A Street, across from the Daly Innovation and Collaboration Building
- West Parking Garage, Second Floor
- Delaware Parking Garage, First Floor
- **Admissions guests** may use the parking lots on UT University Drive by the Southard Family Building and the Macdonald-Kelce Library from 7 a.m.–5 p.m., and must obtain a pass from the Admissions Office. **After 5 p.m. these lots are available to all visitors.**
- Visitors to the Lowth Entrepreneurship Center may use the reserved spaces on the seventh floor (entrance off of Frederic H. Spaulding Dr.) or the visitor spaces on the first floor of the Thomas Parking Garage (entrance off W. North A St.). A pass must be obtained from Lowth Center staff.
- Electric vehicle charging stations are available on the first floor of the Delaware, Thomas and West Parking garages.

BICYCLES ON CAMPUS

Students, faculty and staff can register their bikes with the Campus Safety office.

All bicycles should be properly locked to one of the bike racks on campus. Bike racks are located outside most residence halls and academic buildings. Campus Safety will impound all unsecured bikes.

DO NOT lock bicycles to any railings, doors, foliage or anywhere other than the bike racks. Inappropriately locked bicycles will be impounded by Campus Safety.
