*Celebrating walkability & bicycle-friendliness in Tampa*

## ***Oooh La La! Paris is Bike-Friendly***

What can Tampa learn from one of the world's most iconic cities? Join us for an inspiring panel discussion on how Paris transformed into a bikeable, walkable city — and what that means for our own streets. We're excited to welcome Audrey Chapuis, CEO of the Tampa Bay History Center, who brings firsthand experience from living in Paris and is now embracing alternative transportation right here in Tampa.

Audrey will be joined by a panel of local bike advocates with international experience, sharing insights, ideas, and inspiration to help move Tampa forward. In addition, Jeff Houck, Tampa's food explorer, will talk about his latest venture: A video blog that blends two of his passions—walking and dining.
